

GPSR Safety Certificate

Product name: Waterproof riding blanket 0g "Derby" (600D)

Artikelnummer: SR10179

Intended use:

The product protects the horse from the elements and supports thermoregulation and comfort. It is intended exclusively for wearing on horseback.

Material information:

The outside of the blanket is made of a 600D ripstop polyester fabric that is water and wind resistant. The inner lining is made of polyester fabric. The water column is 5,000 mm.

Security rating:

The product has been tested for safety, material quality and workmanship.

When used properly, there are no risks to consumers or animals.

The product meets the requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR).

Warnings:

- Only use for its intended purpose as a horse blanket in the stable or outdoors.
- Before each use, check for damage (e.g. tears, defective seams, damaged fasteners, loose straps or eyelets).
- If the blanket is damaged or heavily worn, it may not be used.
- Check the fit regularly to avoid pressure or chafing.
- Do not use on open wounds or skin injuries on the horse.
- Use only on clean, dry horses.
- Do not use chemical cleaners or bleach - only clean according to the care label.
- After washing, allow blanket to dry completely before reuse or storage.
- Do not dry or store near open flames, heat sources or electrical devices.
- Do not use as a transport or underlay blanket if it is not intended for this purpose.
- Replace damaged or deformed fastening parts (e.g. carabiners, buckles) immediately.

Disposal information:

The product consists predominantly of polyester fabric with a synthetic filling and metal fittings. The materials are not biodegradable. The blanket can be disposed of with normal household waste if there is no municipal collection for textile waste. Metal parts should, if possible, be separated and recycled accordingly before disposal. Material separation in the

private sector is not absolutely necessary. Do not burn product residues and do not allow them to enter the environment or bodies of water. Packaging materials must be disposed of separately in accordance with local regulations.

Manufacturer/responsible economic operator:

SUNRIDE GmbH
