

GPSR Safety Certificate

Product name: Stirrup protectors (set of 2)

Artikelnummer: SR10216

Intended use:

The stirrup protectors are used to protect the saddle and stirrups from scratches, dirt and damage during storage or transport. They are placed over the stirrups to protect the saddle flaps from friction and wear. The product is intended exclusively for intended use on stirrups and may not be used as protective equipment for horses or riders. Application on open wounds, skin injuries or irritated skin areas is not permitted.

Material information:

The product is made of polyester. Polyester is a synthetic material with high tear resistance, dimensional stability and durability. It is easy to care for, insensitive to moisture, durable and free of animal ingredients.

Security rating:

The product has been tested for safety, material quality and workmanship.

When used properly, there are no risks to consumers or animals.

The product meets the requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR).

Warnings:

- Use only for intended use as a protective cover for stirrups.
- Before each use, check for damage, loose seams or material fatigue.
- If the stirrup protectors are damaged or heavily worn, they must not be used.
- Do not store or dry near open flames, heat sources or chemical substances.
- Do not make any unauthorized changes or repairs to the product.
- Clean only according to care label - do not use chemical cleaners, bleach or solvents.
- After cleaning, allow to dry completely before reusing or storing the product.

Disposal information:

The product is made of polyester and is not biodegradable. The stirrup protectors can be disposed of with household waste if there is no municipal collection for textile waste. Material separation is not necessary in the private sector. Do not burn product residues and do not allow them to enter the environment or bodies of water. Packaging materials must be disposed of separately in accordance with local disposal regulations.
