

GPSR Safety Certificate

Product name: Softshell sweat blanket "Boston"

Artikelnummer: SR10137

Intended use:

The sweat rug is used to remove moisture after training, riding or washing the horse. It supports the regulation of body temperature, prevents the horse from cooling down and protects the horse from drafts while it dries. The product is intended exclusively for intended use on horses and may not be used as a transport, pasture or rain blanket.

Material information:

The product is made of softshell material. Softshell is a multi-layer, synthetic composite material with a smooth, water-repellent outer layer and a soft, warming inner layer. It is breathable, moisture-regulating, dimensionally stable and offers good thermal insulation while allowing air circulation. The material is easy to care for, durable and free of animal ingredients.

Security rating:

The product has been tested for safety, material quality and workmanship.

When used properly, there are no risks to consumers or animals.

The product meets the requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR).

Warnings:

- Only use for its intended purpose as a sweat blanket to wick away moisture and regulate temperature.
- Do not use directly on open wounds, skin injuries or severely irritated skin areas.
- Before each use, check for damage, loose seams, tears or broken fasteners.
- If the blanket is damaged or heavily worn, it may not be used.
- Check the fit regularly to avoid pressure points or chafing.
- Do not leave the horse unattended, especially in the box or pasture if there is a risk of getting caught.
- Do not make any unauthorized changes or repairs to the product.
- Clean only according to care label - do not use chemical cleaners, bleach or solvents.
- After cleaning, allow to dry completely before using the blanket again or storing it.
- Do not store or dry near open flames, heat sources or chemical substances.

Disposal information:

The product is made of softshell material, which is of synthetic origin and non-biodegradable. The blanket can be disposed of with normal household waste if there is no municipal collection for textile waste. Material separation is not necessary in the private sector. Do not burn product residues and do not allow them to enter the environment or bodies of water. Packaging materials must be disposed of separately in accordance with local disposal regulations.
