

GPSR Safety Certificate

Product name: Horse walker blanket "Cornwell" (1200D)

Artikelnummer: SR10244

Intended use:

The horse walker blanket is used to protect the horse in the horse walker or during walking training from cold, wind and light precipitation. It supports temperature regulation and protects the muscles from cooling down without restricting the horse's freedom of movement. The product is intended exclusively for intended use on horses and may not be used as a pasture or stable blanket or restraint. Application on open wounds, skin injuries or irritated skin areas is not permitted.

Material information:

The product is made of ripstop polyester fabric with a thread count of 1200 denier (1200D). Ripstop polyester is a synthetic material with woven reinforcement threads that has particularly high tear resistance, dimensional stability and weather resistance. The material is durable, easy to care for, water-repellent and free of animal ingredients.

Security rating:

The product has been tested for safety, material quality and workmanship.

When used properly, there are no risks to consumers or animals.

The product meets the requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR).

Warnings:

- Only use for intended use on horses.
- Do not use on open wounds, skin injuries or irritated skin areas.
- Before each use, check for damage, loose seams, tears or broken fasteners.
- If the blanket is damaged or heavily worn, it may not be used.
- Check the fit regularly to avoid pressure or chafing.
- Do not leave the horse unattended, especially when grazing or being transported.
- Do not make any unauthorized changes or repairs to the product.
- Clean only according to care label - do not use chemical cleaners, bleach or solvents.
- After cleaning, allow to dry completely before reusing or storing the product.
- Do not store or dry near open flames, heat sources or chemical substances.

Disposal information:

The product is made of ripstop polyester fabric (1200D) and is not biodegradable. The horse walker blanket can be disposed of with household waste if there is no municipal collection for textile waste. Material separation is not necessary in the private sector. Do not burn product residues and do not allow them to enter the environment or bodies of water. Packaging materials must be disposed of separately in accordance with local disposal regulations.
