

# GPSR Safety Certificate

Product name: Waterproof LED exercise blanket 0g "New York" (1200D)

Item number: SR10225

## **Intended use:**

The riding blanket is used to protect the horse when riding outdoors from rain, wind, insects and temperature fluctuations. It is attached over the saddle and provides weather protection without restricting the horse's freedom of movement or the rider's assistance. The product is intended exclusively for intended use on horses and may not be used as a stable blanket, pasture blanket or restraint. Application on open wounds, skin injuries or irritated skin areas is not permitted.

## **Material information:**

The product is made of ripstop polyester fabric with a thread count of 600 denier (600D). Ripstop polyester is a synthetic material with woven reinforcement threads that offers high tear resistance, dimensional stability and weather resistance. The material is durable, easy to care for, water-repellent and free of animal ingredients.

## **Security rating:**

The product has been tested for safety, material quality and workmanship.

When used properly, there are no risks to consumers or animals.

The product meets the requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR).

## **Warnings:**

- Only use for its intended purpose as a riding blanket to protect against the effects of the weather.
- Do not use on open wounds, skin injuries or irritated skin areas.
- Before each use, check for damage, loose seams, tears or broken fasteners.
- If the blanket is damaged or heavily worn, it may not be used.
- Check the fit regularly to avoid pressure or chafing.
- Do not leave the horse unattended, especially when parked or transported.
- Do not make any unauthorized changes or repairs to the product.
- Clean only according to care label - do not use chemical cleaners, bleach or solvents.
- After cleaning, allow to dry completely before using the blanket again or storing it.
- Do not store or dry near open flames, heat sources or chemical substances.
- Not suitable for long-term pasture use.

**Disposal information:**

The product is made of ripstop polyester fabric (600D) and is not biodegradable. The blanket can be disposed of with normal household waste if there is no municipal collection for textile waste. Material separation is not necessary in the private sector. Do not burn product residues and do not allow them to enter the environment or bodies of water. Packaging materials must be disposed of separately in accordance with local disposal regulations.
