GPSR Safety Certificate

Product name: Fleece Abschwitzdecke "Color Drop"

Article number: SR10284

General product description:

The Fleece Cooler Rug "Color Drop" is designed to support horses during the cooling-down phase after physical exertion. Made from double-sided anti-pilling fleece with a material weight of 280 g/m², it provides warmth, breathability, and durability. The rug efficiently wicks moisture away from the horse's coat, helping to prevent chilling and ensuring a comfortable drying process. It features a T-front closure for secure and easy fastening, an optional chest extension for adaptable fit, and comes with a storage bag for convenient transport and storage. The rug is machine washable for easy care and is quick-drying, making it suitable for regular use in the stable or at events.

Intended use:

For use as a cooler rug to protect horses from chilling after exercise, during the cooling-down phase, or after training, competitions, or lessons. Suitable for use in the stable or at events when a reliable cooler rug is needed between activities.

Material:

Anti-pilling fleece

Essential safety characteristics:

- Breathable fleece material supports moisture transport and prevents heat accumulation.
- Double-sided anti-pilling fleece reduces surface pilling and maintains product integrity during regular use.
- T-front closure ensures secure fit and prevents slipping during wear.
- Optional chest extension allows for individual adjustment to the horse's build.
- Machine washable for hygienic maintenance.
- Quick-drying material reduces risk of mold formation.

Safety assessment:

The product has been subjected to a safety assessment in accordance with the requirements of Regulation (EU) 2023/988 on general product safety (GPSR).

The material composition, physical properties, construction, packaging, labeling, and intended use have been examined.

The materials used and the product design have been evaluated with regard to safety aspects relevant to the intended use.

When used as intended, there are no health or physical risks for animals or users.

The product meets the essential safety and labeling requirements of EU Regulation (EU) 2023/988 (General Product Safety Regulation – GPSR) and is safe for its intended purpose.

Warnings:

- Use the cooler rug only as intended, to protect the horse from chilling after work.
- Before putting on the rug, ensure that the horse is not too wet or dirty to avoid skin irritation.
- Regularly check the rug for damage and do not use it if defective.
- Allow the rug to dry after use to prevent mold formation.
- Securely fasten the cooler rug with the T-front closure to prevent slipping during wear.
- Use the optional chest extension only if it is correctly attached to avoid impairing the fit.
- Wash the rug regularly to ensure hygiene, following the care instructions.

Disposal information:

Dispose of the rug in accordance with local regulations for textiles. Remove any metal or plastic parts before disposal if required by local waste management guidelines.
